

## Search parcels by QR code

 kovalchuk-vita commented on 1 Sep • edited ▾ Collaborator Author 😊 ...

**user story** → As a registered/unregistered user,  
I want to search my parcel by QR  
So that I will be able to see parcel status and information

**acceptance criteria** →

**Scenario 1: For search valid track number**  
Given I open the main page  
When I click for photo icon in the parcel tracker field  
And give access to the device's camera and microphone  
And scan QR code valid track number  
Then I see information about parcel status and provider  
When I click on Details button  
Then I get more available information about parcel: place of origin, origin date, place of destination, destination date (or expected destination date), weight, delivery cost, cost, department, status.

**Scenario 2: For search using track number belonging to company which doesn't partner**  
Given I open the main page  
When I click for photo icon in the parcel tracker field  
And give access to the device's camera and microphone  
And scan QR code track number belonging to company which doesn't partner  
Then I see the message "Nothing found"

## Registration with Facebook

kovalchuk-vita commented 18 days ago • edited ▾ Collaborator Author 😊 ...

As the unregistered user  
I want to register with Facebook  
So that I can have access to my parcel story.

**Scenario: The user registers to the website with Facebook**

Given, I'm unregistered user  
When I click the "Login with Facebook" button in 'Sing Up' page  
And the system redirects me to another page  
And I fill fields 'Telephone or email' and 'Password' with my log in data to Facebook  
And push 'Log in' button  
Then the system shows me message: 'Registration is successful'  
And redirects to the site with parcel story.

## Log in with Facebook

As the registered user  
I want to log in with Facebook  
So that I can have access to my parcel story.

**Scenario: The user logs in to the website with Facebook**

Given, I'm registered user  
When I click the "Login with Facebook" button in 'Log in' page  
And the system redirects me to another page  
And I fill fields 'Telephone or email' and 'Password' with my log in data to Facebook  
And push 'Log in' button  
Then the system redirects me to the site with parcel story.

## Password Recovery

kovalchuk-vita commented on 28 Aug • edited ▾ Collaborator Author 😊 ...

As a logged-out user, which forgot password, I want to reset password, so that I can find access my personal profile.

**Scenario: User reset password**  
Given I'm a logged-out user,  
And I'm on the Sign-In page  
When I click the link "Forgot password?"  
And I fill fields with my e-mail and click the Send Link button  
Then the system will send me a link to reset my password  
When I navigate through the link received in the email  
Then The system enables me to set a new password
